

WORK EXPERIENCE

○ From July 3rd, 2018 to September 15th, 2018

PANTRY/PREP COOK

Xanterra Parks & Resorts - Yellowstone
1 Grand Loop Road
82190 Yellowstone Nstional Park, WY
United States of Ameirca

Key Responsibilities & Duties

I worked as a Pantry Cook and Prep Cook at Lake Hotel (in Yellowstone National Park) during the summer season.

On the pantry line I prepared various hors d'oeuvres, properly seasoned all appetizers, including salads, and desserts, including cakes and ice-cream cups before they were served; got to know how to garnish dishes with spices, nuts, fruit and vegetables; stored food items, as needed.

On the prep side I performed meal-prep activities before guests arrived (e.g. chopping vegetables, cutting meat and washing fruits).

I had the chance to acquire new knowledge of food plating techniques, to improve my ability to multitask in a fast-paced environment and to work in a team.

○ From July 21st, 2016 to August 21st, 2016

INTERN | COMMUNITY ASSISTANT

The Jodel Venture GmbH
Anklamer Straße, 32
10115 Berlin
Germany

Key Responsibilities & Duties

I worked in the community department with the Head of Community (Niklas Henckell) on some major tasks concerning the research and development unit. In more detail:

Community Watch: monitoring the whole activity of Norwegian, Swedish, Danish, Finnish, German, Swiss, Austrian, Italian, French, Brazilian, Turkish and Dutch communities through the Rubylight platform. In particular my task was to daily check possible anomalies on flags, registrations or suspicious activities of Downvote Mafia.

Future Posts for Italian communities: planning of distribution and creation of content needed to launch new or organic communities, or to recover some dying communities.

Region Banning/School Blocking on Italian territory: task finalized to deny the access to high-school students of high-schools close to university campuses. This task consisted in geofencing all the high-school buildings in a tool based on Google Maps, in order to block every attempt to post a Jodel while the device is situated in the geofences (defined by GPS coordinates). Around two thousand high-school buildings have been geofenced in Italy.

○ From July 21st, 2014 to August 22nd, 2014

INTERN | High School Summer Internship Program

AIM Mobilità (now SVT Srl)
Via Fusinieri, 83/H
Vicenza VI 36100
Italy

Key Responsibilities & Duties

This company operated the urban and suburban public transport in the city of Vicenza. I worked at the administration of the workshop, mainly in maintenance and logistics. I programmed calendars of bus washing and tires periodic replacement; I used PluService platform to update data on supplies of methane in buses daily. I also worked filing documents (waybills, invoices).

○ From July 9th, 2013 to August 9th, 2013

INTERN | High School Summer Internship Program

abc.it Apple Premium Reseller (now JUICE)
C.so Fogazzaro, 38
Vicenza VI 36100
Italy

Key Responsibilities & Duties

I curated both hardware and software cleanliness of demo products in the showroom. I managed the incoming goods and costumer bookings. I helped the technicians repairing computers (replacement of damaged computer components, RAMs or software updates). I contributed to test the iOS Accessibility features (AssistiveTouch, Dictation, VoiceOver, ...) and to beta-test some forthcoming software solutions for the showroom. I also worked filing documents (waybills, repair receipts, invoices).
